

# Practice

Identify a room's activities, map their relationships and compare two layouts.

## Users and activities

---

---

---

---

---

## Adjacencies and alternatives

---

---

---

---

---

## Use sequence and selection rationale

---

---

---

---

---

**Review your work against the criteria. Saving it does not constitute technical project approval.**

- Both layouts use the same brief
- Openings and services are visible
- The full use sequence is checked
